

The Seward Foundation plays a crucial role in supporting various community initiatives, with the Seward Memorial Library being a significant beneficiary. Over the last 25 years, the Foundation's contributions have been instrumental in acquiring the library's land, purchasing computers, AWE machines for children, and projectors, hosting a renowned literacy speaker, aiding in the lower-level finishing and subsequent renovation, partially funding a digital sign along Highway 15, and assisting in the upgrade of the main level conference room's audiovisual system.

The impact of the Seward Foundation's support for the library's service to the public has been profound, and their dedication is commendable. It is important to recognize and appreciate the Foundation's efforts that benefit both residents and visitors to Seward.

Your support in enabling the Foundation to continue its remarkable contributions to institutions like the Seward Memorial Library is greatly appreciated.

Sincerely,

Becky Baker, Library Director  
Seward Memorial Library
